A Report on Activities Conducted Post Cyclonic Storm "Fani"

Dr. Sitakantha Dash, Chairman & founder, Dr. Dash Foundation (USA); Chairman & Founder UAS Laboratories (USA); Chairman & President DD Innovations; Cofounder & Former chairman Hindu

Society of America; Cofounder & Director , India Association of Minnesota convened a meeting for cyclone response in Kalinga Hospital, Board Room at 3PM on 21st May,2019.The meeting was discussed over the implementation of health care services and water, Solar power besides others in presence of the representative from CYSD, Kalinga Hospital, Sai Saburi Hospital, Utkal Care & Jagannath Sanskruti Parisada. It was decided to conduct health camp and drinking water support along with Solar Power for the Fani affected areas. With that Mission the team followed the work.

The unexpected and unprecedented severe cyclonic storm "Fani" hit the coastal districts of Odisha. The wind velocity was more than 200 kmph. The eye of the storm was around Puri City and hit the city about 08.10 am in the morning of 3rd May 2019. Subsequently the cyclone moved to Bhubaneswar, Khorda, Puri, Cuttack, Jagatsinghpur, Kendrapada, parts of Jajpur. As a result of it the cyclone has devastated major cities like Bhubaneswar, Puri and all the rural areas in the above districts. The people have lost their livelihood, agriculture implements and Khariff crops are completely damaged. The fisher men have lost their fishing nets as well as boats. They are in serious distress and in need of basic necessities like food, drinking water, medicine, shelter (tarpaulin) and livelyhood.
